Position Description

The Federal Reserve Bank of Kansas City has an immediate opening for the position of Branch Executive in the Bank's Omaha branch office. The Branch Executive is a member of the Bank's official staff and is the branch's lead officer, with four primary responsibilities: Maintain an active research agenda in agricultural economics. The Federal Reserve Bank of Kansas City's Omaha Branch is the Federal Reserve System's leader in agricultural economic research. The Omaha Branch Executive is responsible for leading Bank and System efforts to track agricultural and rural economies. Manage the Bank's relationship with the Omaha branch's board of directors and community leaders. Represents the Federal Reserve Bank of Kansas City in the Omaha region. Serve as the local, coordinating leader for internal branch activities.

Candidates with a Masters or Ph.D. in economics and several years of research experience are preferred. Excellent interpersonal and communication skills, including both writing and public speaking, are

essential.
