2017 Extension Competition for Graduate Students

AAEA Chicago, IL, July 30- August 1, 2017

The Extension and Graduate Student Sections of the Agricultural and Applied Economics Association

Overview

The Extension and Graduate Student Sections of the Agricultural and Applied Economics Association announce a competition for graduate students for 2017. This competition, sponsored jointly by the Extension Section and the Graduate Student Section, provides graduate student competitors the opportunity to develop extension and outreach programs from their research. The development of education materials and presentations suitable for a general public audience is expected.

We encourage all departments with graduate students in agricultural economics, agribusiness, natural resource economics, community resource economics, applied economics or similar programs related to agriculture and/or the food system to inform their students about this important competition.

Purpose for the Competition

To provide incentives to graduate students to learn to prepare and present appropriate analytical results for an extension (usually non-economist) audience. This can be based upon the graduate student's research for a thesis or dissertation.
