We would like to invite you to the upcoming AAEA 2023 Virtual Symposium on "Building Resilience" on August 4th, at 10 am Eastern Time/ CET 4 pm /EAT 5 pm

Resilience has gained high visibility in recent years, both in developed countries and the Global South, as it offers a pathway to better prepare individuals, communities, regions, and systems for the challenges posed by unpredictable events. The symposium will feature researchers from regional development centers, universities, and international organizations. They will share their views and experience on the frontiers of resilience studies and practices.
