Other Funding

- The AAEA Annual Meeting is a perennial cornerstone component of the organization. We look forward to another successful meeting July 27–29, 2025 in Denver, CO at the AAEA & WAEA Joint Annual Meeting. The typical slate of pre- and post-conference workshops, keynote addresses, concurrent sessions, reunions and much more are scheduled, and will again offer attendees numerous learning and networking opportunities.

Core to ongoing successful Annual Meetings is robust attendance and participation of our Members. Meanwhile, some AAEA Members have experienced significant challenges associated with lost employment in calendar year 2025. The AAEA wants to acknowledge this and invites and encourages Members who have lost employment in 2025 to log-in to the [AAEA Member Account](#) and see what support is available to partially assist in their attending this year's Annual Meeting.

- AAEA is not providing onsite childcare in Denver; however, you may apply for childcare/accessibility funds by filling out [this form](#).

2025 AAEA FAMPS Poster Competition

FAMPS proposes to host a poster session at the 2025 Annual Meeting, similar to the one hosted at 2024 meeting. The objective of the poster session is to provide a forum for researchers with more limited professional networks, like graduate students and beginning faculty, to be recognized for innovative and high-quality research in poster sessions. These researchers might be less likely to participate in track sessions, and thus attend the annual meeting, than researchers with stronger professionally networks. This recognition could also be helpful to some researchers at the beginning stages of their career.

The details for the poster session are the following:

- FAMPS will provide three awards:
 - Two (2) \$250 prizes for the best posters in which the lead author is a graduate student
 - One (1) \$250 prize for the best poster in which the lead author has a doctorate degree
- Requirements: The lead author for each submission must be a FAMPS member and must attend the 2025 AAEA & WAEA Joint Annual Meeting in-person.
- Submissions: AAEA will send notifications of accepted posters in March. Once this occurs, FAMPS will communicate in late March/early April to those with accepted posters they can participate in the FAMPS poster contest.
- Judging: FAMPS leadership will identify three researchers to judge the competition.
- Logistics: The poster competition judging will occur on Monday during the lunch break from 11:30am – 1:00pm in the poster hall. Posters accepted in the FAMPS competition will have a symbol/tag on their poster board.

The deadline to apply is **May 30, 2025**.

The 2025 Extension Competition for Graduate Students

AAEA Denver, CO July 27–29

The AAEA Extension Competition for Graduate Students provides an opportunity to develop and/or get feedback on programs that communicate research and practical information to Extension (usually non-economist) audiences. Entries can be based upon graduate student research for a thesis, dissertation or other academic work. The competition is sponsored by the Extension and Graduate Student Sections.

Who's Eligible?

Graduate students currently engaged in topics related to agricultural economics, agribusiness, natural resources, and/or community economic development, as well as those who graduated from such programs in Spring 2025 or later.

Participants must identify and work with a mentor with experience in outreach or extension activities.

The Application:

Applications should be addressed to Craig Carpenter at cwcarp@msu.edu and must include:

1. Student's name, university, department, address and contact information.
2. Title of the extension program to be delivered.
3. A summary of the proposed extension program. This should include project outcomes, target audience, delivery plans, communication methods and activities planned for distributing the information to the public such as fact sheets, reports, web sites, spreadsheets, and presentations (4 page maximum). If the applicant was part of a team, the role of the applicant within the team must be made clear. If the proposed project is building upon the success of other extension programs, the summary should include a description of the previous program and the innovative approach of this proposed project.
4. An educational popular press article limited to 500 words and no more than two graphics (tables, charts, etc.). This should be an addendum to your submission packet. Examples include:
<https://farmdocdaily.illinois.edu/2023/01/us-price-inflation-focus-on-farm-prices.html> and
<https://southernagtoday.org>
5. A detailed evaluation plan. This should be an addendum to your submission packet. You may choose to develop your project using a logic model (which is not required). You can see more information on logic models below.*
6. A profile of the applicant's background and research (1 page maximum).
7. The mentor's name and description of the mentor's role in the project.

Finalists at AAEA

Finalists will be selected to make a 15-minute presentation at the AAEA meeting in Denver, CO on Sunday July 27, 2025, to a panel of judges, who will then ask 5 minutes of questions. The competition will begin at 8AM MDT. Selection of the finalists will be based on the material submitted and the criteria listed above. Finalists will be notified by June 6, 2025. The top three finalists are expected to make presentations during an AAEA Extension track organized symposium if present in Denver, CO. Date and time during conference to be determined.

Awards

Cash awards will be given to those judged to be the top three graduate students in this competition. Award funding is provided by the AAEA Extension Section through membership dues and via support provided by sponsors. Awards are:

- First Place: \$1,000 and a plaque
- Second Place: \$300 and a certificate

- Third Place: \$200 and a certificate
- Other finalists receive finalist certificates.

The top 3 competitors selected will be recognized at the AAEA Awards ceremony. All finalists will be provided tickets to the Extension Luncheon during the AAEA annual meetings.

Submission Deadline: Midnight EDT on Friday, **May 9, 2025**. Email entries to Craig Carpenter, Competition Committee Chair at cwcarp@msu.edu. Finalists will be notified by June 6, 2025.

AAEA IBES Power Analysis Virtual Workshop

Date: May 5–May 7, 2025

Time: 12:00 pm – 1:30 pm EST each day

This virtual workshop is offering a hands-on workshop to bridge the power analysis knowledge gap for members of our profession. Participants will learn strategies for advanced power analysis for their economic experiments. Presentations and software code will be distributed in a shared drive following the workshop. Each session will feature 45–60 minutes of content followed by 30 minutes of Q&A with audience participants. For more information about registration click [here](#).

Undergraduate Student Section 2025 Competitions

1. The Earl O. Heady Decision Sciences Spreadsheet Competition

The Earl O. Heady Decision Sciences competition is a team-based competition where students show off their Excel skills in a time-limited analytical contest! Each team of up to three students entering the Earl O. Heady Decision Sciences Spreadsheet Competition is required to work together to develop a spreadsheet from a provided dataset and qualitative information, answer questions related to the dataset, and present findings from the case study.

2. Student Paper Competition

Undergraduate students have the opportunity to submit their paper to be part of the Student Paper Competition held each year at the AAEA Annual Meeting. Those papers submitted are judged based on the written version and an oral presentation given at the meeting.

3. Outstanding Paper Competition

This competition gives chapters of SS-AAEA the chance to be recognized for their hard work over the past year. Each chapter is judged based on the goals/objectives of the chapter, membership recruitment, and the activities of the chapter.

4. Creative Club Competition

Those chapters of SS-AAEA that have done something special over the past year can enter into this competition. The chapters will be judged based on their account of a specific idea or project that was implemented.

Registration for the SS-AAEA Competitions is now open. To explore more about each competition, click [here](#).

2025 Academic Bowl Competition

Each year, SS-AAEA sponsors an academic bowl competition for undergraduate students at the [2025 AAEA & WAEA Joint Annual Meeting](#). Students compete on teams of three, which are affiliated with their school. The finals of the competition are held immediately preceding the AAEA Awards Ceremony, with an audience of all meeting attendees.

The Academic Bowl Competition will be held on Sunday, July 27 and Monday, July 28 followed by The Finals prior to the Awards Ceremony at the [2025 AAEA & WAEA Joint Annual Meeting](#).

GSS & C-FARE 2025 Policy Communications Competition

In today's market, graduate students may seek careers where they are tasked with evaluating policy issues and effectively communicating their results to policymakers and other stakeholders. Therefore, the Graduate Student Section (GSS) and Council on Food, Agricultural & Resource Economics (C-FARE) partner for the 5th Annual Policy Communications Competition. This competition provides graduate students with an opportunity to gain experience in both written and verbal policy communication.

Entries can be based on the graduate student's ongoing research. They should address a pressing, relevant policy issue relating to the 2025 Policy Communications Competition theme at the local, state, or federal levels.

Participant Eligibility

Graduate students must be a member of the GSS with a graduation date of Fall 2025 or later. They should be conducting research in agricultural economics, resource economics, regional development, or a related field.

Registration Information & Deadline

Applications should be submitted via the Qualtrics link below. Questions may be addressed to Meri Hambaryan (m.hambaryan@ufl.edu) and must include:

- A cover page containing:
 - Participant's name and contact information
 - Mentor's name and contact information
- The student's policy brief (2-page maximum).

Applications must be submitted electronically **no later than midnight CT on May 30, 2025**.

Link to Submit: https://ufl.qualtrics.com/jfe/form/SV_efU00RPz5oFUH0W

Awards

The top three competitors will be recognized at the AAEA Awards Ceremony and will be invited to present their work at a future C-FARE webinar (more details to come). In addition, the winner of Policy Communication will receive a plaque and a cash prize. The second and third-place competitors will receive certificates and cash awards. Cash prizes are as follows:

First place: \$300
Second place: \$200
Third place: \$100

Call for Paper Proposal for Special Issue: Food Prices and Forecasting

Deadline for proposals: May 15, 2025

Applied Economic Perspectives and Policy (AEPP) invites proposals for a special issue on Food Prices and Forecasting. Recent global events such as the COVID-19 pandemic, geopolitical disruptions, and climate variability have highlighted the importance of understanding food price dynamics and developing effective forecasting methodologies. This special issue will explore a range of topics related to the drivers, impacts, and policy implications of food price inflation and volatility.

The special issue will include two categories of papers: invited contributions (already in development) and solicited papers based on this call. We seek five additional contributions that complement the existing papers, addressing the following topic areas:

1. Global Trade and Trade Policy
2. Climate Change and Production
3. Policy Interventions and Price Stabilization
4. Energy and Transportation Costs in Food Pricing
5. Manufacturers' Responses to Price Fluctuations
6. Consumer Behavior and Responses to Price Changes
7. Food Security and Nutrition Security

Submission Process

To streamline the process and avoid unnecessary work for prospective authors, we will employ a two-step process:

1. Proposal Submission:

- Interested authors are invited to submit a 2–4 page proposal by May 15, 2025, detailing:

- Topic Area and Scope: The central theme of the paper and its relevance to the special issue. Please indicate which topic area, **from the list above**, your submission fits within.
Note: Submissions that do not fit within the aforementioned topic areas will not be considered.
- Existing Literature: Reference to related papers and how the proposed paper will differ from prior work.
- Policy Implications: Policy insights expected from the paper and potential research gaps to address.
- Author Qualifications: A brief overview of the author(s)' expertise in the topic area.
- Proposals should be submitted as a single PDF to Lauren.Chenarides@colostate.edu. The guest editors will review all submissions, and invitations to submit full papers will be sent by June 2, 2025.

2. Full Paper Submission

- Invited authors will be given four months to prepare their submissions, with a deadline of September 15, 2025. Full papers will undergo standard peer review. An invitation to submit does not guarantee acceptance for publication but confirms the topic and authors are of interest to the editors.

AAEA at 2026 ASSA Annual Meeting

Call for submissions: AAEA invited paper sessions at the 2026 ASSA Annual Meeting

President-Elect Brian Roe is soliciting proposals and suggestions for AAEA invited paper sessions at the 2026 Allied Social Sciences Association (ASSA) Annual Meeting in Philadelphia, PA, January 3–5, 2026.

The objective of AAEA sessions at the ASSA Annual Meeting is to share new knowledge of interest to economists. The AAEA encourages sessions that will draw widely from ASSA attendees, including sessions jointly sponsored with other ASSA member associations.

A subcommittee of the AAEA Board will review all proposals. Preference will be given to proposals that

1. Cover issues of national and international importance,
2. Expand capabilities and tools for economic research,
3. Promise a high-quality collection of papers suitable for publication.

Papers in approved Invited Paper sessions are eligible to be peer reviewed for publication in the proceedings issue of the *Applied Economic Perspectives and Policies*. Authors will be contacted by the *AEPP* editors with manuscript submission details.

Proposed formats for the 2-hour sessions may include either three papers with one discussant or else four papers with no discussant. All proposals must include a plan for fostering participant interaction.

Proposals should include the session title and paper titles, as well as the names, addresses, phone numbers, and e-mail addresses of the session organizer, moderator, paper presenters, and discussants. Proposal text should begin with a short justification of the session, followed by one paragraph abstracts describing the

objective and contributions of each paper. The organizer is responsible for ensuring that all individuals identified in the proposal are willing to participate.

All speakers and discussants must be members of AAEA, although the proposal may request a membership waiver under special circumstances. Participants must register for the ASSA meeting.

Please send proposals by **May 21, 2025**, in Word or PDF format to Mary Annen at mannen@aaea.org.

EUI Florence School of Regulation:

The EU vision on sustainability in agriculture

Join this online debate where experts will discuss the EU's strategy to reduce harmful chemicals in agriculture and its implications for farmers, trade, and sustainability.

April 28, 2025

2:00–3:00 pm (CEST)

On 19 February 2025, the European Commission released its Vision on Agriculture and Food, outlining its strategy for the future use of chemicals such as pesticides and fertilisers. The strategy includes aligning production standards for imported products with EU environmental and animal welfare values. The Commission proposes banning the most hazardous substances—already prohibited within the EU—from entering the internal market via imports. An Impact Assessment will be launched in 2025 to evaluate the effects on competitiveness and international relations, with legal proposals to follow if necessary. The EU is also working to reduce harmful substances by promoting the use of biological and low-risk alternatives and establishing a fast-track approval process for such products. The Commission further plans to address the export of hazardous chemicals, including pesticides, banned within the EU.

This webinar will bring together experts to examine the EU's agro-chemical strategy from scientific, practical, and policy perspectives. Speakers will explore the implications for European farmers, industry stakeholders, and global trade relations. The discussion will address how these measures can shape future agricultural and food systems and their broader environmental impact. Organised as an online event, the webinar will feature expert presentations followed by a Q&A session. It is open to scholars, professionals, and experts in agriculture, environmental policy, and international trade, particularly those interested in agro-chemical regulation and sustainability.

EUI Florence School of Regulation:**Executive Course on the Vision for Agriculture and Food****Ensuring a Sustainable and Competitive Future for EU Agriculture**

3-day Online Course

June 25–June 27

The **Vision for Agriculture and Food (EC, 2025)** sets out an ambitious roadmap for the future of farming and food in Europe, focusing on attractiveness, competitiveness, future-proofing, and connection. These priorities aim to create a resilient, innovative, and fair agri-food system capable of thriving in a rapidly evolving global landscape.

This intensive 3-day online course will explore the key strategies behind the Vision, including international trade partnerships, risk management, and regulatory simplification. Participants will engage in discussions on the economic and regulatory challenges, the role of technology in sustainability, and the impact of climate, trade, and bioeconomy policies on the agri-food sector.

Through expert insights and interactive sessions, this course will help professionals navigate the shifting regulatory landscape, assess growth opportunities, and develop strategies to enhance resilience and competitiveness in the EU's evolving agricultural framework.

Call for Papers**Risk and Risk Management in the Agricultural Economy**

November 21, 2025 — Cambridge, MA

To promote research on the risks that are borne by individuals and firms in the agricultural sector, and on the tools that are available to manage these risks, the National Bureau of Economic Research (NBER), with the support of the Economic Research Service at the US Department of Agriculture, will convene a research conference in Cambridge, MA on Friday, November 21, 2025. The conference will be organized by Barry Goodwin (North Carolina State University) and Tatyana Deryugina (University of Illinois and NBER).

The organizers will consider submissions of complete, or nearly complete, papers that will be ready to present by November 2025. They welcome empirical and theoretical research, as well as papers by scholars who are early in their careers and who are not NBER affiliates. If any members of the research team have ties to the agricultural industry or other potential conflicts of interest, those ties should be disclosed on the first page of the submission. The program will prioritize research on the US food and farm economy.

To be considered for inclusion on the program, papers must be uploaded by midnight (EDT) on Tuesday, **August 12, 2025** via the following link:

<https://conference.nber.org/confsubmit/backend/cfp?id=AEf25>

Please feel free to share this call for papers widely with any researchers who might be working on projects that are suitable for presentation.

Please do not submit papers that have been accepted for publication and will be published by November 2025, and be aware that NBER papers may not make policy recommendations or offer normative judgements on policy. Authors chosen to present papers will be notified in early September. The NBER will cover hotel and economy-class conference travel for up to two authors per paper. Questions about this conference may be addressed to confer@nber.org.

We would like to bring the [International Workshop on “Survey Design & Experimental Methods in Applied and Agricultural Economics”](#) to your attention.

The workshop will cover theoretical and practical knowledge regarding surveys and experimental methods. In addition, delegates will be familiarized with state-of-the-art software, and will design their own practice experiment through hands-on training.

Instructors include Vincenzina Caputo (Michigan State University), Carola Grebitus (Arizona State University), David Just (Cornell University), Jayson L. Lusk (Purdue University), Rudy Nayga (Texas A&M), and Matthew Rousu (Susquehanna University).

The workshop will take place from May 26 to May 30, 2025 at Michigan State University. It is open to academics (students, professors, individuals employed by colleges and universities, and other institutions of higher education) and non-academics (consultants and other practitioners from the private sector or national and international organizations). Seats are limited, and registration is based on a first come, first served basis.

We would appreciate it if you could share this information with your colleagues, students, and/or other people who may be interested in this initiative.
