

President's Message

October 2019

I write this newsletter from Boston where we just wrapped up two days of meetings with Wiley Publishing. We have entered into an agreement with Wiley to publish the *AJAE* and *AEPP*. Our discussions were quite positive, and I believe you will begin seeing some new and innovative changes in 2020. Also consider submitting your work to our two other publications – *Choices* and *Applied Economics Teaching Resources*. Having spent two days with some of our editors, let me publically thank them for the hard work and editorial judgements they must make. I am excited about the future of all our journals.

On a related note, I encourage you to consider submitting invited paper proposals for the 2020 AAEA Annual Meeting. These articles may be published in the *AEPP*. Note this is a change from previous years when the invited papers were submitted to the *AJAE*. So consider the difference in style. Proposals need to be submitted using the online submission system by **Tuesday, December 3, 2019**. The system will open in early November. Similarly we are looking for great Pre- and Post- conference Workshop proposals which are due the same day.

Relevant Industry Engagement

A special committee has been formed to look at the relationship between the AAEA and those trained in our profession who have taken jobs in the private sector. As I mentioned in my Presidential Address, roughly 25% of our PhD graduates work in industry, but only 3% of our members work in industry. Carola Grebetus and Ashok Mishra, chairs of the Membership and Employment Services committee will serve as co-chairs of this committee. We are asking them to see if there are opportunities for the Association to find synergism with applied economists working in various industries.

NAAEA Meeting

In a couple of weeks the National Association of Agricultural Economics Administrators (NAAEA) will gather for a meeting organized by the Council on Food and Agricultural, and Resource Economics (C-FARE). This will be coordinated with the annual Jon Brandt forum. It will be a great opportunity to discuss the four prongs of our strategic plan which we are developing.

- Culture of Engagement
- Mentoring Programs
- Communicating through Media Relations & Government Relations
- Financial Viability

I want to end with an appeal to the many members of our association who have retired or moved to another agency. We still want to be your professional home. Our Board would like to hear from you regarding how we can still serve you.

Keith Coble
AAEA President

2020 Invited Paper Sessions

Call for Proposals

AAEA welcomes proposals for Invited Paper sessions for the 2020 AAEA Annual Meeting in Kansas City, MO. Papers in these Invited Paper sessions may be published in the *Applied Economics Perspectives and Policy (AEPP)* in March 2021, subject to review. Proposals from individuals or groups need to be submitted using the online submission system by **Tuesday, December 3, 2019**. The system will open in early November.

The most successful invited papers frame new areas of research, provide a systematic review of an existing area, or offer a novel perspective. Invited papers offer the opportunity for the *AEPP* to publish papers that do not fit the mold of a regular submission to the journal. Proposals that do not meet these criteria may be accepted for presentation at the meetings but will be asked to submit their papers to the journal via the regular submission process.

Proposed session formats must include either two papers with two discussants or three papers with one discussant. Four paper sessions will not be considered.

Proposals will be evaluated using the following criteria:

- The proposed session supports the objective of the Association to further the development and dissemination of systematic knowledge of agricultural and applied economics;
- The importance of the session is well-justified;
- The proposed papers are timely and the topics are likely to generate meaningful discussion during the presentation, as well as interest in a published version;
- It is likely that the session format will be conducive to a clear, focused, and informative presentation of the topics proposed;
- The session theme and paper topics are not repetitive of themes and/or topics previously addressed in Invited Paper sessions;
- The paper topics are not ones that would be better served by being subject to the *A/AEs* normal review process;
- The set of sessions will appeal to a broad spectrum of the membership.

Proposals should include session title and rationale, two-page abstracts and titles for each proposed presentation, and names and contact information of authors, discussants, and moderators.

The invited papers should be completed by **Wednesday, April 8, 2020**. These completed versions will be reviewed by the invited paper sessions committee, and feedback to improve the papers will be provided to the author(s). Final versions of the invited papers must be submitted to AAEA by **Wednesday, May 20, 2020**. If the authors wish the invited paper to be reviewed for publication in the *AEPP*, it should also be submitted to the *AEPP* Editors via Editorial Express by **Wednesday, May 20, 2020**. Accepted papers will carry a footnote that indicates they were subject to an expedited review process.

If you have any questions about submitting an Invited Paper session proposal, please contact Mary Annen at mannen@aaea.org or at [\(414\) 918-3190](tel:4149183190).

Call for Abstracts

AAEA seeks submissions for Selected Presentations for the 2020 AAEA Annual Meeting in Kansas City, MO. Selected Presentations are a submission category that represents both Selected Papers and Selected Posters. All submissions are reviewed and accepted together, and only after acceptance are the submissions designated as a paper or poster. At the time of submission, individuals will have the option for their submission to be considered as a poster only. There is no paper only option.

Submissions for Selected Presentations must include a two-page, single-spaced abstract that provides a clear explanation of what will be presented at the Annual Meeting. Authors should include in this abstract a discussion of the relevance of the topic, research methodology, and potential for generating discussion during the meeting. Please *do not include your name or contact information in the abstract file.*

Abstracts must be received by **Wednesday, January 15, 2020**, and should be submitted using AAEA's online Abstract Management System which will open in early November. Material previously presented at other meetings cannot be accepted, and the submitting author will be asked to verify that the material has not been presented elsewhere.

Review Process

All submissions will be subjected to a common, double-blind review process. After the review process has been completed, topic leaders will construct coherent Selected Paper Sessions and Lightning Sessions based on a common topic. All remaining accepted presentations will be assigned as a poster. Presentation proposal acceptance notifications will be sent via email in March. Emails may be received in spam folders. Should you not find an email by mid-April, please feel free to contact the AAEA Business Office at info@aaea.org or at [\(414\) 918-3190](tel:4149183190).

Poster authors should be available during their assigned interval during the meeting for questions and discussion. The event program and mobile app will list the poster titles, authors, locations, and presentation time. *Poster presenters must submit a PDF version of their poster to the AAEA submission*

site by May 20, 2020. Please keep submissions under 4 MB. AAEA will upload these posters to the AgEcon Search. Posters that miss this deadline will be withdrawn from the program.

Selected Paper Sessions and Lightning Sessions

Up to 8 papers are included in a 90-minute Lightning Session, and up to 4 papers are included in a 90-minute Selected Paper Session. Therefore, each paper presentation in a Lightning Session is allotted 9 minutes, with 7 minutes to present and 2 minutes for discussion. Likewise, each presentation in a Selected Paper Session is allotted 20 minutes, with 15 minutes for presentation and 5 minutes for discussion.

Authors of Selected Papers must submit a full version of their paper to the AAEA submission site by May 20, 2020. Please keep submissions under 4 MB. National Conference for Food and Agribusiness**Registration**

The Purdue University [Center for Food and Agricultural Business](#) will host the [National Conference for Food and Agribusiness](#) November 6–7, 2019 on the university's West Lafayette, IN campus. Take advantage of the opportunity to gain beneficial, relevant industry information and network with professionals from all facets of the agri-food system.

About the conference:

Results from the farmer survey will cover the types of data producers collect, the tools used to manage and analyze data, the decisions driven by data, and their assessment of data driven decisions. A panel of data savvy growers will also share their experiences implementing data into their operations. Non-farmer survey findings will focus on the collection of data at each value chain segment, how they use it and the impact it has. Faculty will discuss how data is used to drive decision making in organization as well as help customers to improve their decision making.
