IFAMR Special Issue:

Current Themes in Agribusiness Management Research

Guest Editor: Michael Sykuta, University of Missouri-Columbia

sykutam@missouri.edu, +1.573.882.1738

The **Agribusiness Economics and Management (AEM) Section** of the Agricultural & Applied Economics Association (AAEA) invites authors presenting their research at the 2013 AAEA meetings in Washington, D.C., to submit their papers for a special issue of the ***International Food and Agribusiness Management Review (IFAMR)***. This *peer-reviewed* issue will highlight the most recent subjects in agribusiness management research and will provide a forum for academic researchers to share their results with a global audience of scholars and industry leaders.

Authors of track session papers and selected presentations are invited to participate in this special issue. While each paper will be reviewed independently, accepted papers from track sessions will be published together along with a summary of the session topic.

Authors should email a Letter of Intent to Submit to the guest editor no later than **March 8**. Completed manuscripts must be submitted by **June 1, 2013**, and will undergo an expedited review following IFAMR's normal review policies. Reviewer comments and publication decisions will be distributed in late July, before the 2013 AAEA meetings. Revised manuscripts must be resubmitted by **September 21, 2013**. The special issue will be published in December 2013.

Completed manuscripts should follow IFAMR's contributor guidelines:

<https://ifama.org/publications/journal/cmsdocs/ContributorGuidelines2012.pdf>

Manuscripts should be uploaded using IFAMR's online submission portal:

<https://www.ifama.org/publications/journal/IFAMRSubmission.aspx>

Deadline for Letters of Intent: March 8, 2013

Full Paper Submissions Due: June 1, 2013

Revised Paper Submissions Due: September 21, 2013
